N. L. Dalmia Institute of Management Studies and Research established in 1995, enjoys a stellar reputation in business and management circles. When we started in 1997, we were ranked amongst the top 700 B - Schools across India. Now, we are amongst the top Institutes in Mumbai. Good leadership facilitates individuals, companies and industries to think differently about how to do business for the benefit of the stakeholders and the society. It transforms behaviour, creates new opportunities, inspires decisive action, motivates excellence and represents the best of essential leadership skills.

Quality leadership begins with an idea that is communicated and embraced by others. At our management Institute we train students to think independently and nurture ideas. This process results in grooming the future leaders. When this exercise is driven by values and ethics, it shapes young students graduating from our business school with leadership qualities that will go a long way in building a civilized, prosperous and progressive society.

I welcome you to our Institute.

Warm regards,
Shailesh Dalmia

MEMORIAL LECTURE

Memorial lectures are a source of pride and honour for any institution and the celebration of this event in the memory of our late founder, Shri. Niranjnlal Dalmia is always an awaited moment. In wake of the rapidly rising India, which is redefining the rules of the business game, this year, we were honoured to have Mr. Dilip Piramal, Chairman and Managing Director, VIP Industries Ltd, as our guest and speaker for the lecture. Mr. Dilip Piramal, a leader par excellence, a strong believer in the nation's potential, spoke about the theme, "Challenging Status Quo". Mr. Dilip Piramal gave a thoroughly stimulating masterclass on more than half a century of the journey of marketing, branding, and managing VIP Industries in turbulent times. He spoke about all the innovations and disruptions that were brought about by VIP bags through these years. The lecture was enlightening for the students as Mr. Piramal demonstrated how VIP bags changed its perception from being an "aging brand" to a "youth product" through advertisements over 3 decades and an introduction to Skybags. He also spoke about how the economic policies of the country have an effect on all the decisions that need to be taken by an organization. The audience thus created for the subject culminated in a highly interactive Q&A session that completely engaged the audience.

Even after being in the corporate world for more than 12 years, I am still connected with the college and its amazing faculty members & staff. Hrishikesh Gangoli | 2008-2010 Batch

Associate Director, Marketing Solutions
ESPN India

It has been a decade since I graduated from NLDIMSR, but it feels like yesterday! The familial feeling is the core of everything that sets apart this Institute from others. That's because this isn't just an MBA institute, it's a place where one learns values for life. The integrity, sheer quality and vision imparted by an excellent batch of professors has guided me through many a professional ebb and flow - every time I've faced a crossroad in my career, these values have helped me make correct decisions while staying true to my beliefs. It is inspiring to see that the institution has grown leaps and bounds in the last decade and is being favoured by the industry, which is a proud testament to the excellent standards set by students and professors alike.

Bhoopesh Jain | 2000-2002 Batch

Founder & CEO
RNB Corporate Services Pvt Ltd.

"Tamaso ma Jyotirgamaya" & "Think Global, Act Local", I always think of these two taglines when I think of NLDIMSR. Everybody has a specialty inherently but one needs to identify, nurture and sharpen it well. At NLDIMSR, we got the same approach with the help of strong faculty and classmates, headed by late Prof. P. L. Arya. Strong focus on academics stands equally credited for our growth. Our batch entered the professional world at a tough time of economy, but our strong background helped our career to develop.

Harsh Sharma | 2005-2007 Batch

Deputy General Manager – HRBP, VGL Group

My student life at NLDIMSR were the two glorious years of my life. Most professors came from the industry which made applied learning possible and was very useful when I started with a corporation. That combined with superior infrastructure that NLDIMSR provided, has led to our holistic development. All that exposure from visiting workplaces, making presentations and other group activities prepared us for what was to come. I still get a high from thinking about those days at NLDIMSR. I feel solid gratitude for the education and training I received here.

Guruprasad Iyer | 2004-2006 Batch

Lean Management & Business Transformation Coach, S
& P Global Inc

My gratitude to the institute may probably be summed up by the fact that I am still at the company that I was campus placed at from the institute. Though my career started in finance, which was my specialization in MMS back then, I have moved around to 6 different roles in the same company, including credit analysis, data management, infrastructure consulting risk and quality control, lean management and business transformation. Not just the academic knowledge, but the well-rounded exposure that I got at NLDIMSR has been helpful in building the foundation for this illustrious career. The friends I made during my time have become friends for life, and I still cherish the beautiful memories we created together.

Ami Sampat | 2010-2012 Batch

Head – Wealth Partnerships & Structured Products
Derivium Tradition Securities India Pvt Ltd.

My two years at N. L. Dalmia gave me an opportunity to hone my Leadership and General Management skills. Strong focus on academics continued with practical exposure through guest lectures, events, mentor's sessions helped me to build a great foundation for my professional path. Grateful to the Institute and faculty members for helping us imbibe a strong value system which eventually defined my approach towards my professional path.

Manish Agarwal | 2005-2007 Batch

Chief Marketing Officer (CMO), Loktrantra Mediatech.

Encouraging us to be more independent and the freedom to think and act on our own - This, I would say, is the best thing I felt about N. L. Dalmia – something that you get only in very few management institutes. Our knowledge and skills were enlightened with care by well qualified and magnificent faculty members. I had countless opportunities to develop my marketing skills, leadership and proactive thinking through the curriculum. My program was extremely professional and industry based and gave me the opportunity to develop my strengths and helped me identify professional opportunities. N. L. Dalmia has equipped me with professional and practical knowledge which I strongly believe is a life-long skill Big thanks to all my faculty at N. L. Dalmia.

Ronak Sanghvi | 2007-2009 Batch
Content Insight Manager, Amazon India

NLDIMSR helped me build strong foundation for my career in management. Hailing from engineering, I not only gained immense knowledge about management here, but the institute also proved to be a catalyst helping build a strong persona required for being a successful manager. Getting a broad perspective by diving deep and embracing diversity are two virtues I inherited. Entering corporate world in the year 2009, when the world was hit by recession was challenging, but support and guidance from faculty members, placement cell and alumni of this institution were instrumental for me to begin my journey in media sector. Till date, like many other Dalmiaites, I continue to be associated with the institute for the special bond we share with this place. With rich legacy of over two decades, invariably I manage find a mentor to look up to and a buddy to accompany from NLDIMSR in all media companies I have worked with. As they say, you can keep us out of NLDIMSR but cannot keep NLDIMSR out of us.

Ankita Mishra | 2011-2013 Batch
HR Business Partner
Amazon Development Centre India Ltd

N. L. Dalmia has shaped my personality in many ways. I learnt the best of HR subjects from amazing faculty members and the overall ecosystem helped me become a better person. Entering the industry, I already had a head start in HR concepts. We were provided with well rounded development through IR case laws, Personality Development Camps, College Festivals, Paper Presentations and Sessions by Industry Stalwarts. I feel proud and grateful to be associated with NLDIMSR. The conceptual and life learnings have shaped my career and more importantly my personality.

Swati Singh | 2013-2015 Batch
Data and AI Specialist, Microsoft

With our busy lives oftentimes, we tend to get carried away with daily routine activities and deadlines. Until it dawns upon, how far we have come and how it all started. Remembering where it all started for me, I can't stop reminiscing my days at N.L. Dalmia. A lot of "who I am today as a professional" was shaped up at Dalmia. It provided me with solid knowledge foundation, taught me life skills and pushed me out of my comfort zone to uncover my true potential. A part of me always knew I wanted to be in the Technology space, but it was my mentor RS Subramaniam Sir, who helped me align my passion and potential to a real industry job. Today I work with one of the finest Tech Company as Data and Artificial Intelligence Specialist and I love my job.

MSR - MY SOCIAL RESPONSIBILITY

A social initiative started by the 2011 batch students of NLDIMSR, it endeavours to provide an opportunity to students at the Institute not only to express their concern for the underprivileged sections of society but also to sensitize themselves to the realities of the rural population since India lives in its villages. The program which was first named 'Sparssh' (A healing Touch) was later renamed 'My Social Responsibility' (MSR) Programme since we believe that social responsibility begins with the individual and the students as future corporate leaders should internalize this value of social responsibility and own it. The 'Sparssh' Team conducted blood donation camps, participated in 'Mumbai Marathon' to raise environmental awareness, provided educational kits to needy children, and organized Christmas & New Year get-togethers in various orphanages. In 2017, the Institute under its MSR program adopted Kondgaon, a 100% tribal village in Palghar district for its all-round development. Students visit the village to work closely with the villagers, especially the children of Zilla Parishad Schools and the Ashram Shala and engage them for a better tomorrow. The activities at Kondgaon are divided into the verticals of Education, Hygiene & Healthcare, and Skill Development & Environment.
