# SUMMER INTERNSHIP REPORT

Batch 2023 - 2025

Through our holistic education approach, we aim to equip our students with more than just theoretical knowledge. Our internship program is crucial in sharpening their practical skills, ensuring they are well-prepared for real-world challenges. The valuable experiences gained during these internships have empowered our students to tackle challenges directly and make significant contributions to their future workplaces.

We extend our sincere gratitude to all recruiters for their support in training and offering on-the-job experience to our students. Their guidance has not only enriched our students' learning but also positioned them to excel in their assigned roles.

We are proud to announce that our PGDM Batch of 2023-2025 has successfully completed their summer internships, and we believe that each student has grown into a capable management professional.
